## PATTERN INFORMATION

Bursting with the soft and vibrant hues of spring, the Raindrop Shawl is the perfect project to keep you cozy on a chilly spring day. This mosaic shawl features an i-cord tab cast-on, i-cord edge, and i-cord bind-off for a tidy finish. It is cast on at the top center of the neck and worked down to the bottom using a combination of picked up and looped directional increases to create the shape. And with all motifs worked holding only one color at a time, the Raindrop Shawl is a fantastic project for knitters looking to try their hand at colorwork for the first time.
